In the lower half of the image, there is a dark silhouette of a curved metal staircase with a railing, which adds a structural and industrial feel to the design.

Dear ILTA Members, Colleagues, and Industry Partners,

As we look ahead to the ILTA 2026 Conference & Trade Show in Houston, we are excited to share a preview of what we have in store this year. Our team and industry leaders have been intentional in designing a program and experience that delivers value, fosters meaningful connections, and reflects the evolving needs of the liquid terminal industry.

ILTA 2026 will feature 21 education sessions, 50+ industry speakers, and more than 320 exhibitors, bringing together expertise, innovation, and solutions from across the liquid terminal industry. From technical insights and operational best practices to leadership discussions and industry outlooks, the program is designed to provide meaningful takeaways for every attendee.

This year also includes new and enhanced experiences throughout the Conference. Attendees can look forward to Terminal Table Talks, expanded networking opportunities, Women in Terminals programming on the Trade Show floor, and a Trade Show Preview designed to help maximize time and connections onsite. We have also been thoughtful in enhancing attendee engagement across the Trade Show floor to create a more dynamic and collaborative environment.
